What This Deck Covers

Login & Authentication

Secure entry to the MIBL portal

01

Dashboard Selection

Product class + process, mandatory both

02

Excel Upload & Batch

Max 200 cases, unique Batch ID created

03

Batch Summary & Validation

Valid / invalid split, processing controls

04

Proposal & Policy

Premium → GST → Proposal → Payment → Policy

05

Reports & Search

Policy issue report export, search & print

06

Exception Handling

Invalid record remarks & cleanup

07

Data Model (ER)

Entities, keys & batch state machine

08

What the Motor Portal Does

The Motor Portal is an operations console for **bulk motor-insurance policy issuance**. Operators upload an Excel of vehicle/customer records and the platform drives each record through validation, premium & GST computation, proposal creation, real-time payment tagging and final policy generation — entirely batch-driven.

PRODUCTS

Motor Class-E, Motor Class-F & Eicher Motor — selected per upload session.

PROCESSES

Excel Upload · Batch Summary · Report · Search & Print · Policy Cancel Upload.

BATCH LIMIT

Each uploaded file carries a maximum of 200 cases for controlled processing.

CD BALANCE

A side panel checks Cash-Deposit balance against the chosen Master Policy.

INDICATIVE TECH CONTEXT

PRESENTATION

Server-rendered web portal (MIBL)

SERVICES

Batch · Validation · Premium · GST

PROPOSAL

Proposal Service → Proposal No.

PAYMENT

PF Service (real-time tagging)

POLICY

Policy Service → Policy No. + Cert

DATA

Relational store + audit log

Six Stages, One Continuous Flow

STAGE 1

File Upload

Excel $\leq$ 200 records validated; unique Batch ID created.

STAGE 2

Validation

Per-case checks; failures move to Invalid Records.

STAGE 3

Premium + GST

Base, add-ons, discount, net premium and GST.

STAGE 4

Proposal

Proposal No. generated for each valid case.

STAGE 5

Payment Tagging

PF Service tags payment in real time.

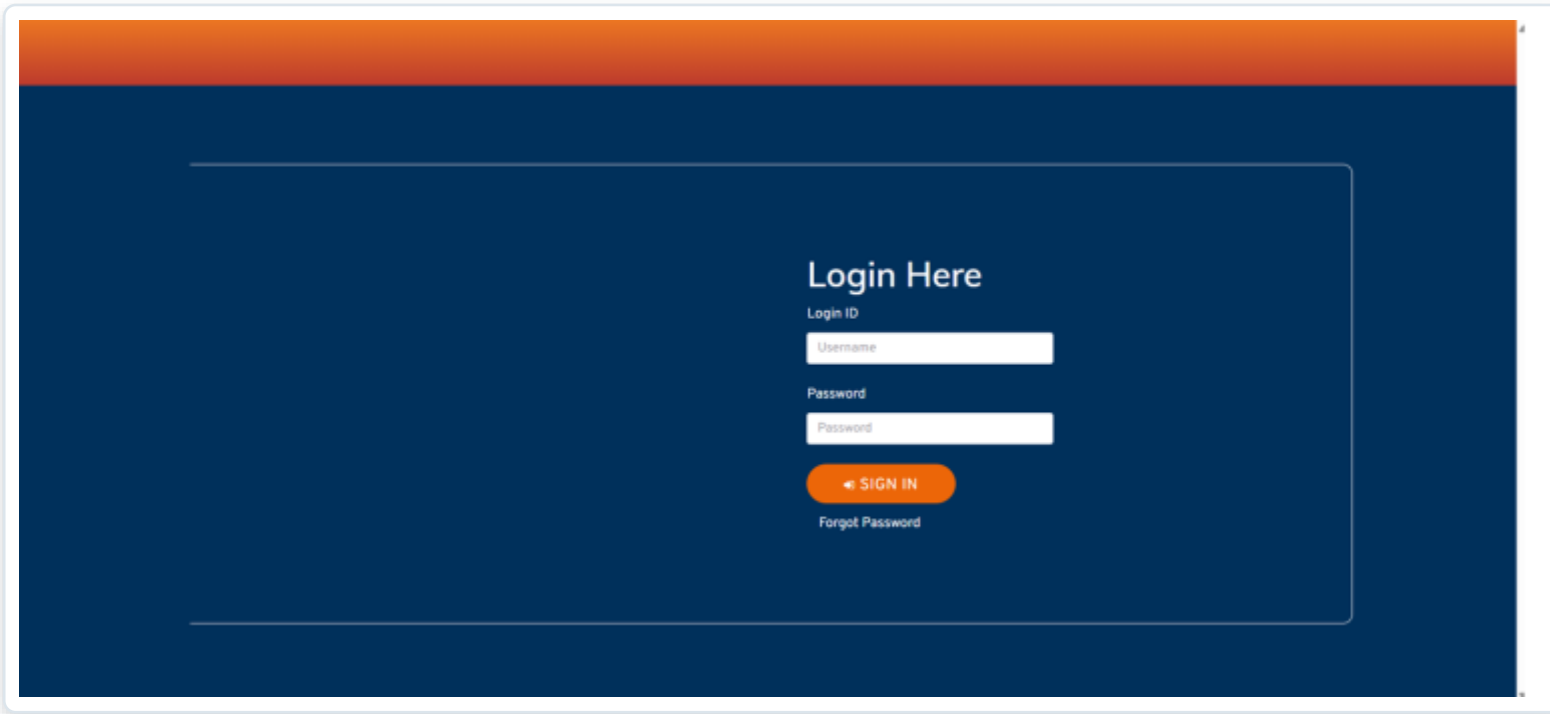

STAGE 6

Policy + Print

Policy No. issued; bulk certificate print enabled.

Batch status advances automatically: *UPLOADED* → *VALIDATED* → *PREMIUM_CALCULATED* → *GST_CALCULATED* → *PROPOSAL_CREATED* → *PAYMENT_PROCESSED* → *POLICY_CREATED* → *PRINTED*

Login — Secure Portal Entry

1_LoginPage.png — operator sign-in

ON THIS SCREEN

- Operator authenticates with Login ID and Password.
- “Forgot Password” supports self-service credential reset.
- Successful sign-in establishes the session (Welcome: admin) and lands on the Dashboard.
- Auth context is reused for every downstream service call.

Product & Process Selection

The screenshot displays the 'Data Upload Product Selection' interface. At the top, a navigation bar includes 'Home', 'Welcome : admin', the date '23 Jun 2024', the time 'AM 12:33:58', and a 'Logout' link. The main heading is 'Data Upload Product Selection'. Below it, a sub-heading reads 'Motor Upload & Summary | Select Any Option and press submit'. The interface is divided into two orange panels. The left panel, titled 'Select Product', contains three radio button options: 'Motor Class-E' (selected), 'Motor Class-F', and 'Eicher Motor'. The right panel, titled 'Select Process', contains five radio button options: 'Motor Excel Upload' (selected), 'Motor Batch Summary', 'Motor Report', 'Search & Print Policy', and 'Policy Cancel Upload'. A blue 'SUBMIT' button is positioned at the bottom center. A vertical orange bar on the right side of the main content area contains the text 'VIEW CO BALANCE'.

2_Dashboard.png — Data Upload Product Selection

ON THIS SCREEN

- Left: Select Product — Motor Class-E, Class-F or Eicher Motor.
- Right: Select Process — Excel Upload, Batch Summary, Report, Search & Print, Policy Cancel Upload.
- Both selections are mandatory before Submit.
- Here: Class-E + Motor Excel Upload chosen to begin issuance.

CD Balance Check

The screenshot shows a web application interface with a dark blue header and a light blue sidebar. The main content area is white. The sidebar has a 'Home' link and a 'Logout' link. The main content area has a 'Data Upload Product Selection' section. Below this, there is a 'Motor Upload & Summary | Select Any Option and press submit' section. This section contains two orange boxes: 'Select Product' and 'Select Process'. The 'Select Product' box has three radio buttons: 'Motor Class-E' (selected), 'Motor Class-F', and 'Eicher Motor'. The 'Select Process' box has five radio buttons: 'Motor Excel Upload' (selected), 'Motor Batch Summary', 'Motor Report', 'Search & Print Policy', and 'Policy Cancel Upload'. Below these boxes is a 'SUBMIT' button. To the right of the 'Select Process' box, there is a 'VIEW CD BALANCE' side panel. This panel contains the following information: 'MASTER POLICY: DL-3010/B/411355', 'CUSTOMER NO: 1006004309710015', 'CDBG NO: CD-IND-11452', a 'SUBMIT' button, and 'CD Balance: 6649169.00'.

3_Check_CD_Balnce_in_Dashboard_login.png — side panel

ON THIS SCREEN

- “View CD Balance” side panel opens over the dashboard.
- Operator picks a Master Policy and supplies Customer No. / CDBG No.
- On Submit the available Cash-Deposit balance is shown (e.g. 6,649,169.00).
- Ensures sufficient funds exist before policies consume premium.

Class-E Upload Page

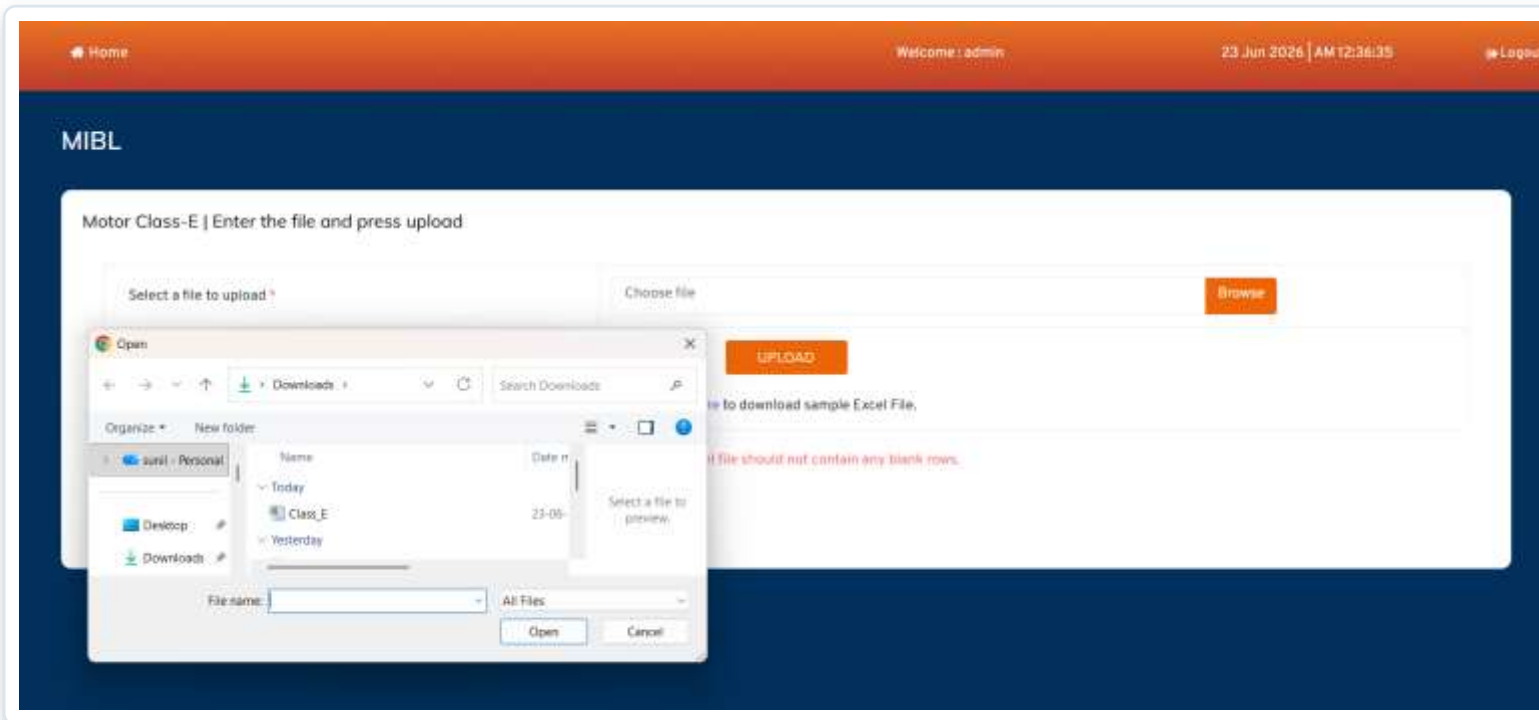

The screenshot shows the 'MIBL' section of the Motor Portal Application. The header bar is orange and contains a home icon, the text 'Welcome : admin', the date and time '23 Jun 2026 | AM 12:35:14', and a 'Logout' link. Below the header, the 'MIBL' title is displayed in white on a dark blue background. The main content area is a white box with the heading 'Motor Class-E | Enter the file and press upload:'. It features a file upload interface with a 'Select a file to upload *' label, a 'Choose file' button, and a 'Browse' button. Below these is an 'UPLOAD' button. A link 'Click here to download sample Excel File.' is provided. A red note at the bottom states: 'Note: Your excel file should not contain any blank rows.'

4_Class_E_Upload_page.png — file entry

ON THIS SCREEN

- Operator browses and selects the Class-E Excel file, then presses Upload.
- A sample Excel template is downloadable to enforce the correct layout.
- Note enforced: the file must not contain any blank rows.
- Column names, sequence and data types are validated on upload.

Selecting the Excel File

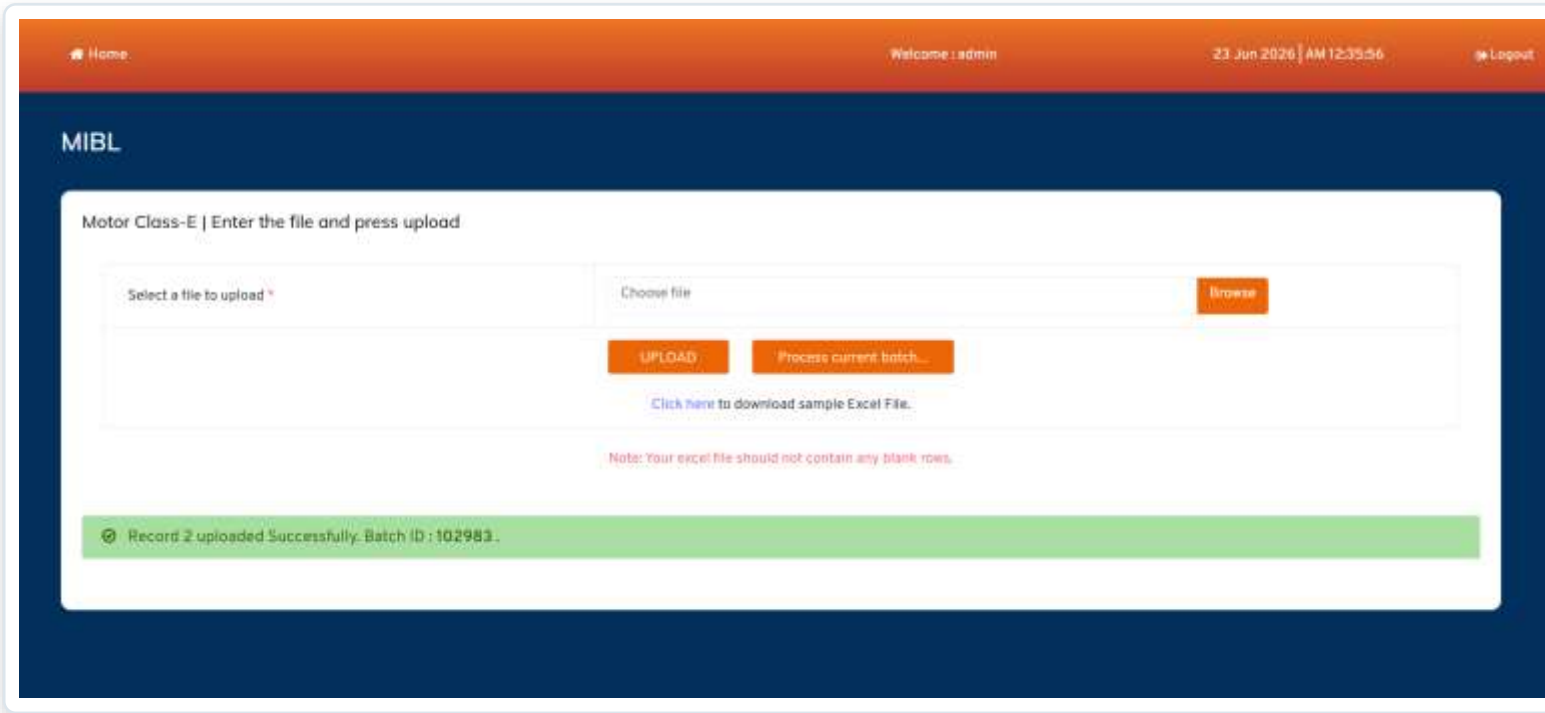

5_Uploader_open_for_upload_class_E_file.png — OS file picker

ON THIS SCREEN

- Native file chooser opens for the operator to pick the Class-E workbook.
- Only the prepared upload file (e.g. Class_E...) should be chosen.
- Selecting and confirming returns the path to the Choose-file field.
- Upload then streams the workbook to the server for parsing.

Upload Success — Batch Created

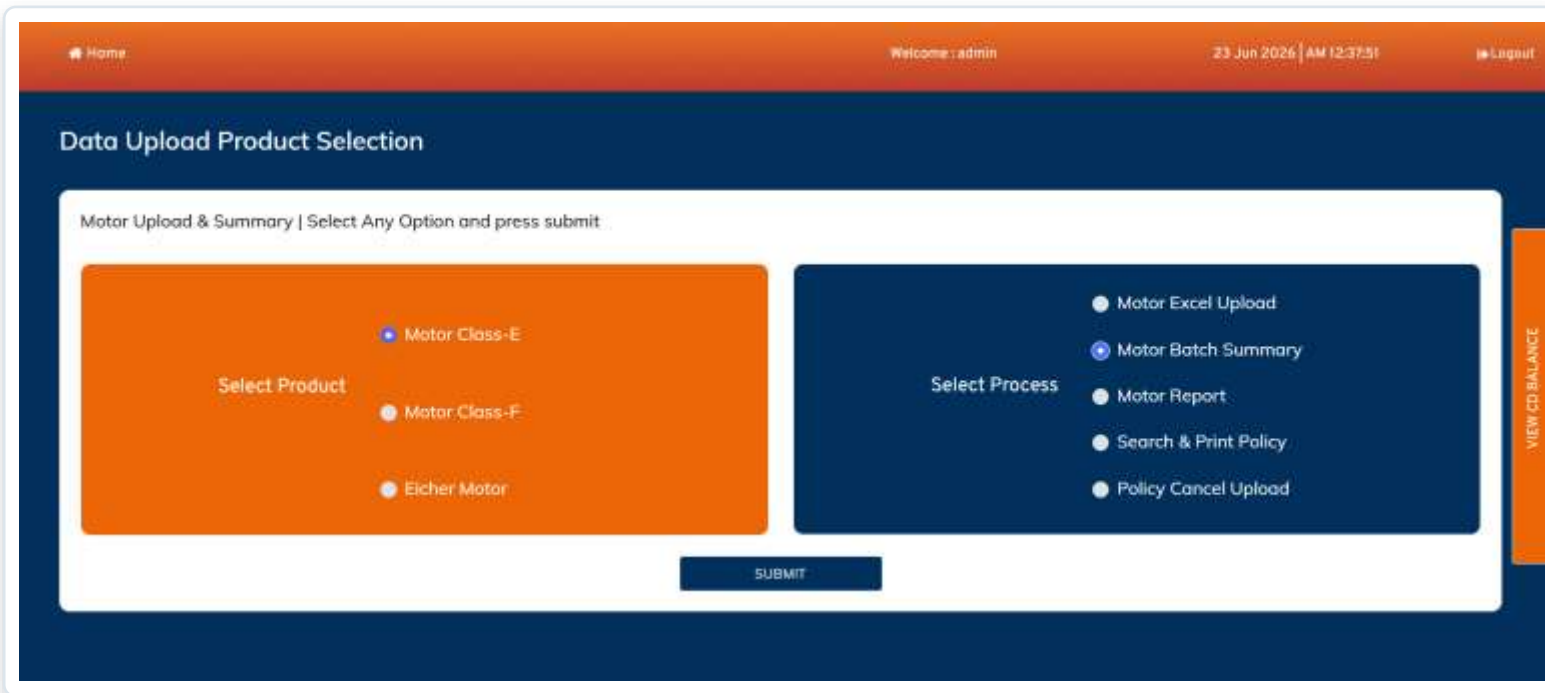

6_File_Uploaded_and_batch_created.png — Batch ID 102983

ON THIS SCREEN

- Confirmation: “Record 2 uploaded Successfully. Batch ID: 102983”.
- A unique Batch ID groups all records from this file.
- Batch status becomes UPLOADED and is now ready to process.
- “Process current batch...” lets the operator proceed immediately.

Switch to Motor Batch Summary

The screenshot displays a web application interface for 'Data Upload Product Selection'. At the top, a navigation bar includes 'Home', 'Welcome : admin', the date '23 Jun 2026 | AM 12:37:51', and a 'Logout' link. The main content area is titled 'Data Upload Product Selection' and contains a sub-header 'Motor Upload & Summary | Select Any Option and press submit'. Below this, there are two primary selection panels. The left panel, 'Select Product', is orange and lists three radio button options: 'Motor Class-E' (selected), 'Motor Class-F', and 'Eicher Motor'. The right panel, 'Select Process', is dark blue and lists five radio button options: 'Motor Excel Upload', 'Motor Batch Summary' (selected), 'Motor Report', 'Search & Print Policy', and 'Policy Cancel Upload'. A 'SUBMIT' button is located at the bottom center of the selection area. On the far right, a vertical orange button labeled 'VIEW CD BALANCE' is visible.

7_select_Batch_summary_to_process_the_file.png — process selection

ON THIS SCREEN

- Back on the dashboard the operator selects Motor Batch Summary.
- Product stays Class-E; process now targets the batch console.
- Submit opens the summary & payment-processing workspace.
- This is the control room for validation, proposal and payment.

Batch Summary & Counters

Motor Batch Summary and Payment Processing

Motor Class-E | Enter all the details and press submit

Transaction From Date: 22/06/2026

Transaction To Date: 23/06/2026

9_Batch_Summery_List.png — summary grid with action buttons

ON THIS SCREEN

- Filter by Transaction From/To Date to list batches.
- Counters: Total, Valid, Invalid, Pending for Batch Processing, Payment Pending / Processed.
- Actions per batch: Batch ID Processing, Reason for Invalid, Payment Processing, Bulk Print.
- Batch 102983 shows 2 total records, all pending for processing.

Batch Processing — Proposals Created

Summary of Batch processing for ID: 102983

RECORD STATUS	MASTER POLICY NO	PREMIUM	PROPOSAL NO	REMARKS
Record 2 processed	DL-3010/A/1485551	1042	1202304500	Successful Proposal Created
Record 1 processed	DL-3010/B/1485552	1042	1202304501	Successful Proposal Created

Batch ID processing completed.

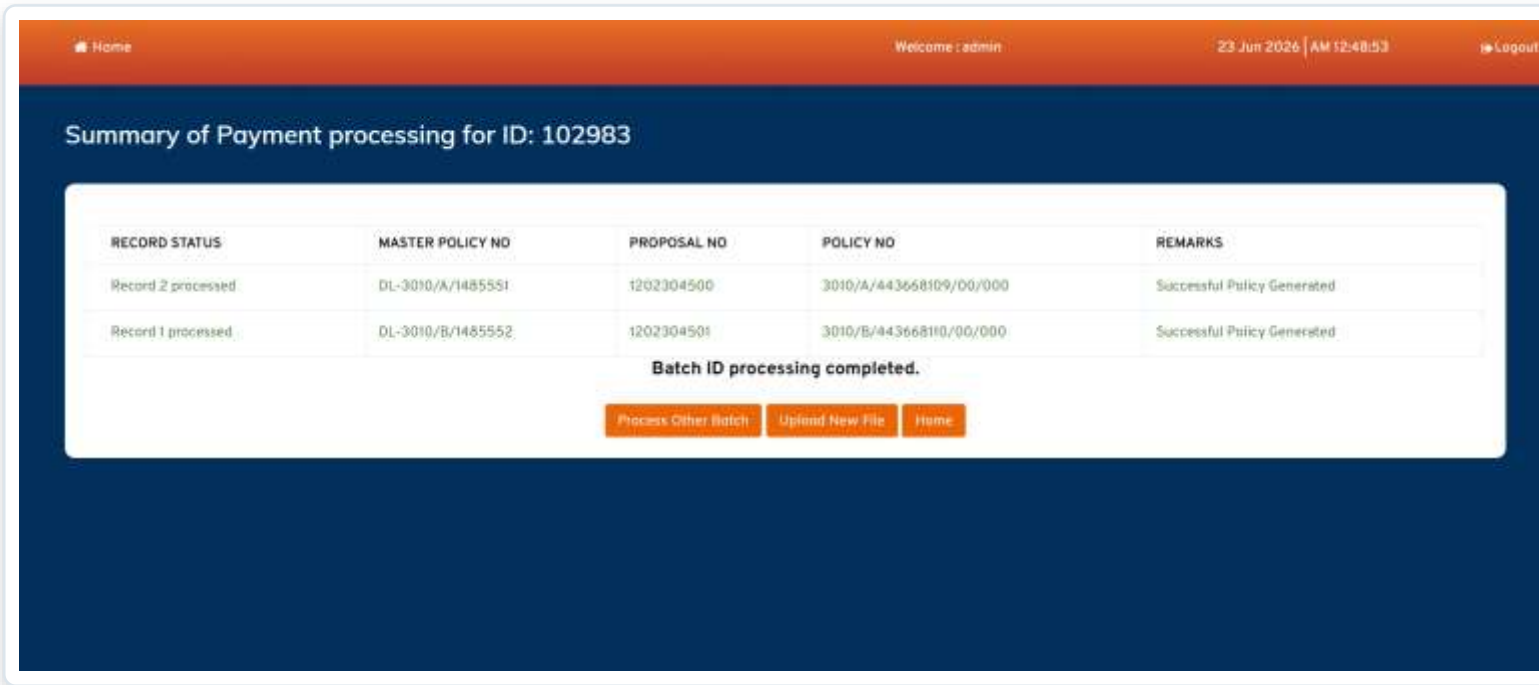

[Process Other Batch](#) [Upload New File](#) [Home](#)

10_Successful_proposal_created.png — proposals for Batch 102983

ON THIS SCREEN

- “Batch ID Processing” validates each case, then prices it.
- Premium computed (Base + Add-ons – Discount, plus GST).
- A Proposal No. is generated per record (e.g. 1202304500/01).
- Remarks read “Successful Proposal Created”; status → PROPOSAL_CREATED.

Payment Tagging → Policy Generated

The screenshot displays a web application interface with a dark blue header and a white content area. The header includes a 'Home' link, a 'Welcome : admin' message, the date and time '23 Jun 2026 | AM 12:48:53', and a 'Logout' link. The main content area is titled 'Summary of Payment processing for ID: 102983'. Below this title is a table with five columns: 'RECORD STATUS', 'MASTER POLICY NO', 'PROPOSAL NO', 'POLICY NO', and 'REMARKS'. The table contains two rows of data, both indicating 'Successful Policy Generated'. Below the table, a message states 'Batch ID processing completed.' and there are three buttons: 'Process Other Batch', 'Upload New File', and 'Home'.

RECORD STATUS	MASTER POLICY NO	PROPOSAL NO	POLICY NO	REMARKS
Record 2 processed	DL-3010/A/1485551	1202304500	3010/A/443668109/00/000	Successful Policy Generated
Record 1 processed	DL-3010/B/1485552	1202304501	3010/B/443668110/00/000	Successful Policy Generated

Batch ID processing completed.

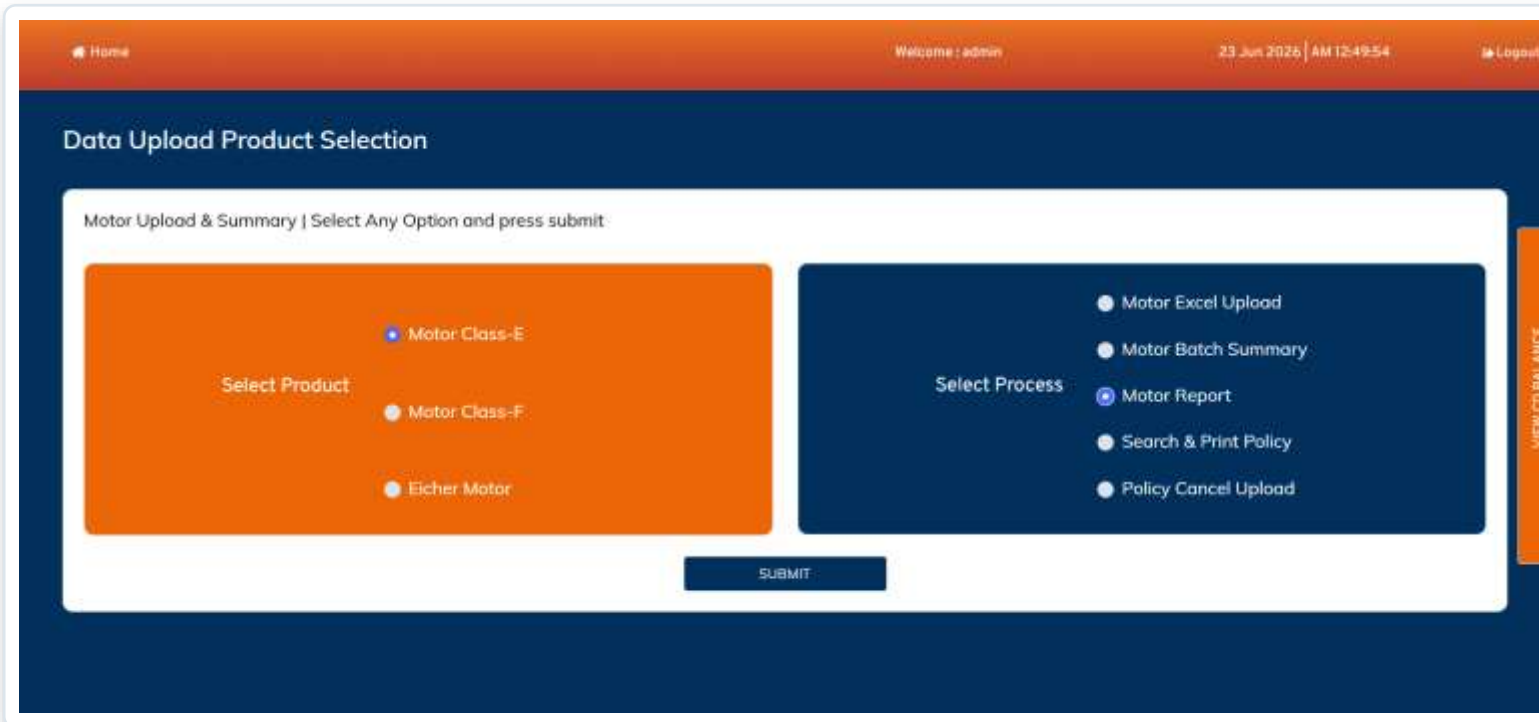

[Process Other Batch](#) [Upload New File](#) [Home](#)

11_Successful_Payment_and_Policy_Created.png — policies for Batch 102983

ON THIS SCREEN

- “Payment Processing” calls the PF Service in real time.
- Flow: Proposal No. → Payment Tagging → Policy Generation.
- Each case receives a Policy No. (e.g. 3010/A/443668109/00/000).
- Remarks: “Successful Policy Generated”; status → POLICY_CREATED; Bulk Print enabled.

Select Motor Report

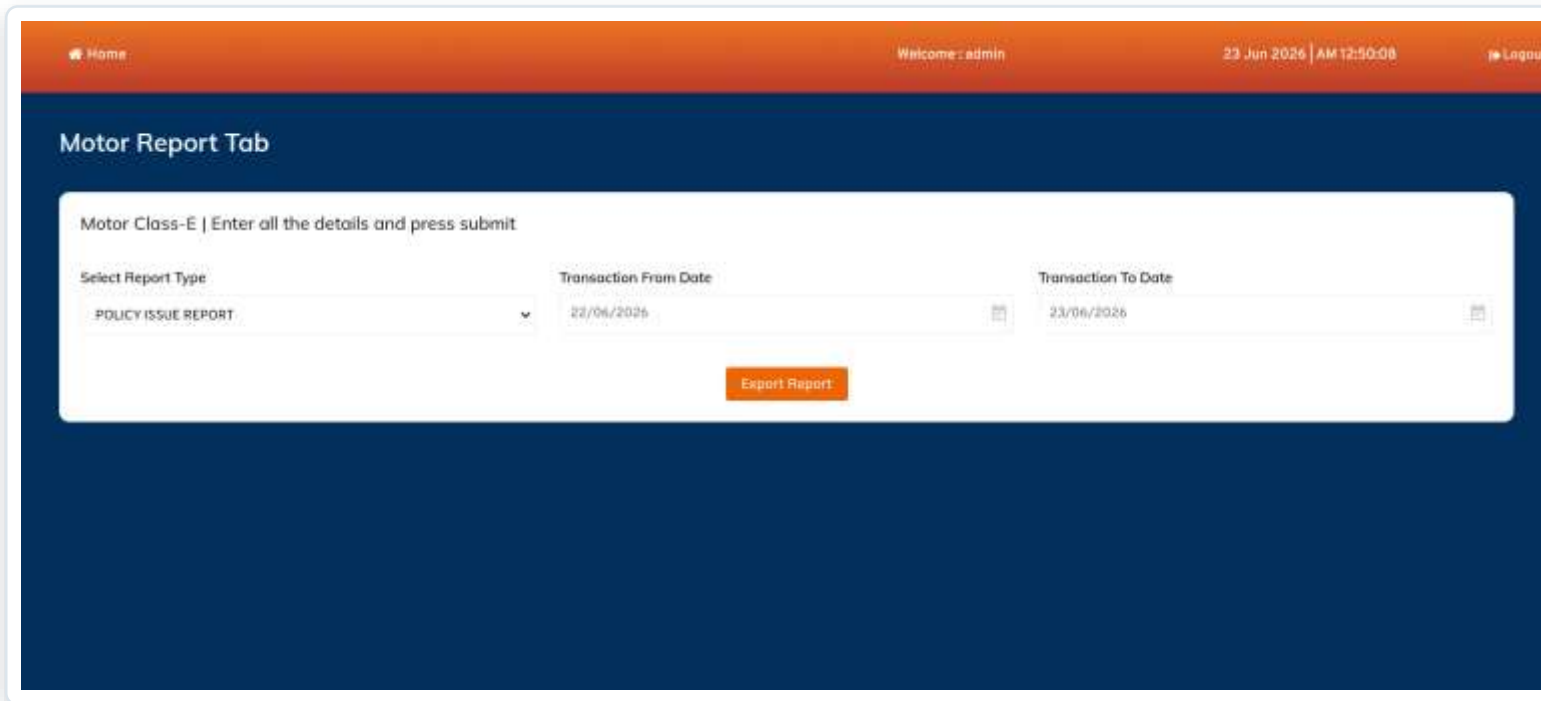

The screenshot shows a web application interface for 'Data Upload Product Selection'. At the top, there is a navigation bar with 'Home', 'Welcome : admin', the date '23 Jun 2026', the time 'AM 12:49:54', and a 'Logout' link. Below the navigation bar, the main heading is 'Data Upload Product Selection'. The central content area is titled 'Motor Upload & Summary | Select Any Option and press submit:'. It contains two side-by-side selection panels. The left panel, titled 'Select Product', has an orange background and lists three radio button options: 'Motor Class-E' (selected), 'Motor Class-F', and 'Eicher Motor'. The right panel, titled 'Select Process', has a dark blue background and lists five radio button options: 'Motor Excel Upload', 'Motor Batch Summary', 'Motor Report' (selected), 'Search & Print Policy', and 'Policy Cancel Upload'. A 'SUBMIT' button is located at the bottom center of the form. On the right side of the form, there is a vertical orange button labeled 'VIEW CD BALANCE'.

12_Policy_Upload_Report.png — process selection

ON THIS SCREEN

- Operator picks Motor Report on the dashboard.
- Used to extract a policy-upload / issuance report.
- Product context (Class-E) carries into the report tab.
- Submit opens the Motor Report workspace.

Motor Report — Export

The screenshot displays the 'Motor Report Tab' interface. At the top, there is an orange header bar with 'Home', 'Welcome: admin', '23 Jun 2026 | AM 12:50:08', and 'Logout'. Below the header, the 'Motor Report Tab' title is visible. The main content area contains a form with the instruction 'Motor Class-E | Enter all the details and press submit'. The form includes three input fields: 'Select Report Type' (a dropdown menu with 'POLICY ISSUE REPORT' selected), 'Transaction From Date' (a date field with '23/06/2026' and a calendar icon), and 'Transaction To Date' (a date field with '23/06/2026' and a calendar icon). An orange 'Export Report' button is positioned below these fields.

13_Policy_Report_page.png — Motor Report Tab

ON THIS SCREEN

- Choose Report Type (e.g. Policy Issue Report).
- Set Transaction From Date and To Date as the window.
- Export Report produces a downloadable Excel.
- Supports reconciliation and policy-upload reporting.

Select Search & Print Policy

The screenshot displays a web interface titled "Data Upload Product Selection". At the top, there is a navigation bar with "Home", "Welcome | admin", the date "23 Jun 2026 | AM 12:49:35", and a "Logout" link. Below the navigation bar, the main content area has a dark blue header with the title "Data Upload Product Selection". Underneath, a white box contains the text "Motor Upload & Summary | Select Any Option and press submit:". This box is divided into two columns. The left column, titled "Select Product", has an orange background and contains three radio button options: "Motor Class-E" (selected), "Motor Class-F", and "Eicher Motor". The right column, titled "Select Process", has a dark blue background and contains five radio button options: "Motor Excel Upload", "Motor Batch Summary", "Motor Report", "Search & Print Policy" (selected), and "Policy Cancel Upload". A "SUBMIT" button is located at the bottom center of the white box. On the right side of the main content area, there is a vertical orange button labeled "VIEW CO BALANCE".

14_Policy_Search_Option_in_dashboard.png — process selection

ON THIS SCREEN

- Operator selects Search & Print Policy.
- Enables single-policy lookup and certificate print.
- Class-E product context is retained.
- Submit opens the search & print screen.

Search Policy & Print Certificate

The screenshot shows a web application interface for searching and printing motor policy certificates. The header bar is orange and contains a 'Home' link, a 'Welcome : admin' message, the date and time '23 Jun 2026 AM 12:51:13', and a 'Logout' link. The main content area has a dark blue background with the title 'Motor Search Policy & Print'. Below this, there is a white box with the text 'Motor Class-E | Enter all the details and press submit'. Inside this box, there is a search form with a label 'Enter Engine | Chassis | TC | Policy Number:' and a text input field containing '3010/B/443668109/00/000'. To the right of the input field are two buttons: 'Search Policy' and 'Back'. Below the search form is a table with the following data:

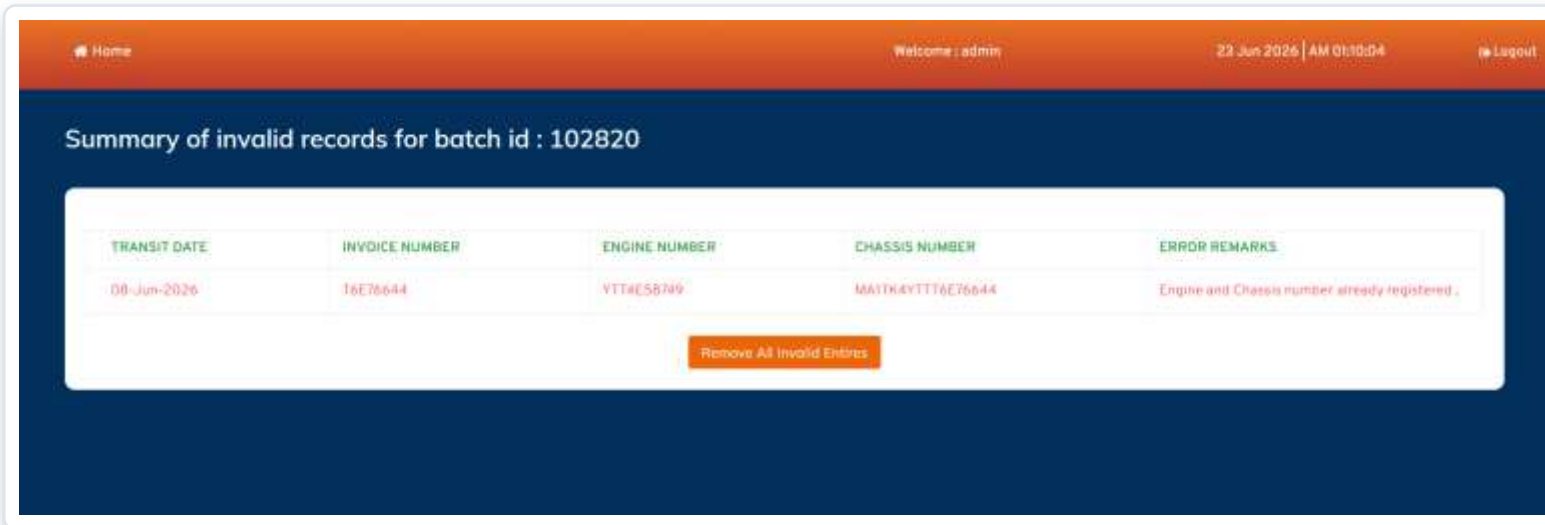

POLICY NUMBER	MAKE	MODEL	CHASSIS	ENGINE	PREMIUM	
3010/B/443668109/00/000	M & M	SCORPIO-N D AT 4WD ZBL 75 WQ	MA1TK4YTTT6E76644	YTT4E58749	7177	Print

15_Policy_Search_page.png — Motor Search Policy & Print

ON THIS SCREEN

- Search by Engine, Chassis, TC or Policy Number.
- Result grid shows Policy No., Make, Model, Chassis, Engine, Premium.
- Example: M&M Scorpio-N, premium 7177, Policy 3010/B/443668109...
- Print issues the policy certificate for that record.

Invalid Records & Remarks

Summary of invalid records for batch id : 102820

TRANSIT DATE	INVOICE NUMBER	ENGINE NUMBER	CHASSIS NUMBER	ERROR REMARKS
08-Jun-2026	16E76644	VTT4ES8749	MA1TK4YTTT6E76644	Engine and Chassis number already registered.

Remove All Invalid Entries

16_Invalid_Records_.png — invalid summary for Batch 102820

ON THIS SCREEN

- “Reason for Invalid” lists failed cases for a batch.
- Columns: Transit Date, Invoice No., Engine No., Chassis No., Error Remarks.
- Example remark: “Engine and Chassis number already registered”.
- “Remove All Invalid Entries” cleans the batch so valid records proceed.

Batch State Machine

Validation failures branch records into an INVALID state; they are removed before the remaining valid cases advance to premium, proposal, payment and policy.

What Every Record Is Checked Against

File / Structure

- Excel format & extension
- Mandatory columns present
- Column sequence & names
- No blank rows
- Maximum 200 cases

Field / Datatype

- Datatype match per column
- Mandatory field values
- Master Policy Number
- Product mapping valid

Vehicle / Duplicate

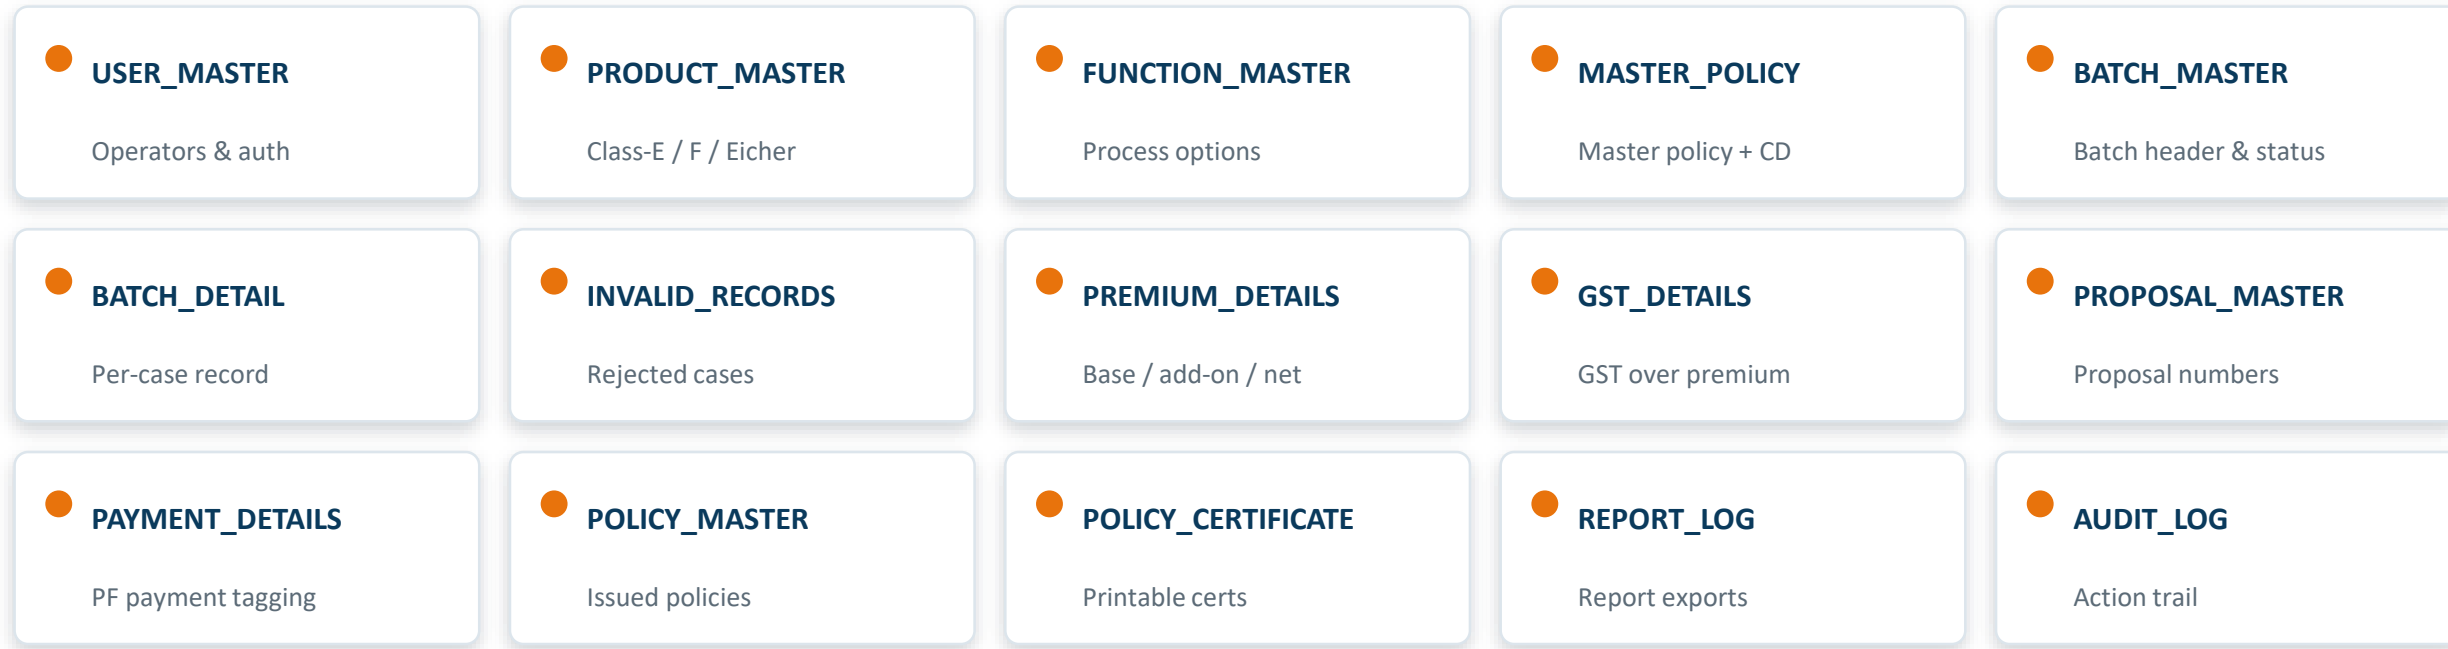

- Engine Number check
- Chassis Number check
- Vehicle duplication
- Existing policy check
- Duplicate transaction

Financial

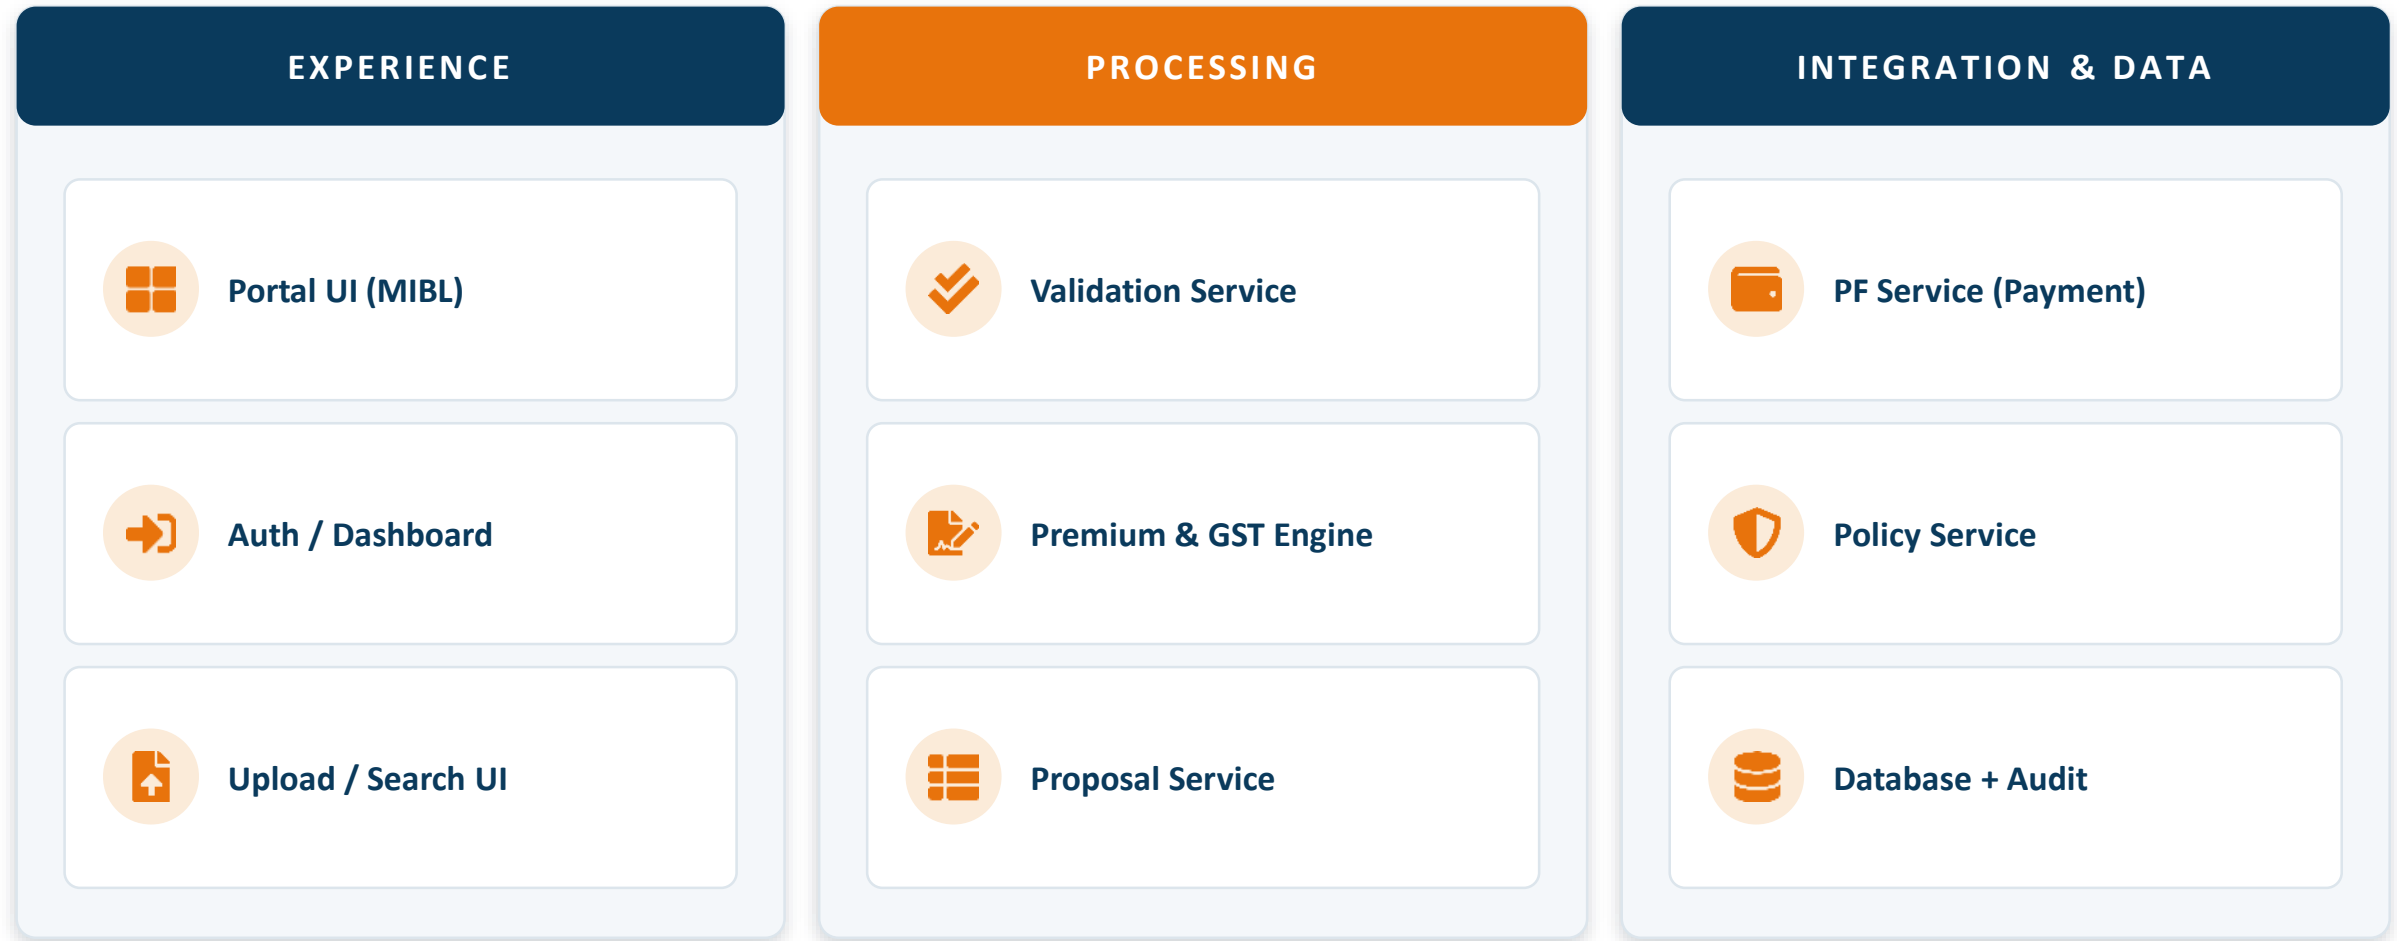

- Premium calculation
- Add-ons & discount
- GST calculation
- CD balance sufficiency

Core Entities (Detailed ER in Companion Doc)

Relationship spine: *USER_MASTER ||-∞ BATCH_MASTER ||-∞ BATCH_DETAIL → PREMIUM → GST → PROPOSAL → PAYMENT → POLICY ||-∞ CERTIFICATE*

Components & Service Flow

SUMMARY

One Upload → Validated, Priced & Issued in Bulk

The Motor Portal turns a single Excel batch into issued motor policies through a controlled, auditable pipeline — **upload → validation → premium & GST → proposal → real-time payment → policy → print**. Invalid cases are isolated with clear remarks so clean records never stall.

Companion deliverable: Motor Portal — ER Diagram & Data Dictionary (Word).
